

We are a leading villa rental agency based in Singapore with our Operations Office in Bali. We have a young & motivated multinational team of 25 employees of 7 different nationalities across our 2 offices. Our growing portfolio of **handpicked villas** includes more than **1000 Villas in Bali, Thailand, Sri Lanka and Mauritius**. We care deeply about the Villas we choose for our customers. **Authenticity** of the Villa, **quality, customer service, and great locations** are at the heart of what we do.

We are now looking for a **Market Manager - Mauritius**

Mauritius-Villa.com is a newcomer in the Mauritius market, with an innovative website and a basic selection of villas in Mauritius. We are now looking for Mauritius-based market manager to help us develop our portfolio of villas, as well as assist guests reservations and arrivals, with the aim of becoming the reference website for Mauritius villas rentals within 2 years.

The role includes

- Sourcing new villas for our customers, building-up long-lasting and trustful relationships with villa owners and managers
- Managing incoming client requests for villa bookings: ensuring villa availability, suggesting travel destinations and alternate villas
- Ensuring smooth guest arrivals and stays in Mauritius through strong and reliable partnerships with drivers, guides and activity providers

Candidate profile

- Entrepreneur mindset; able to run and develop a business unit within a company
- Passion for customer service; ability to go the extra-mile and convince clients
- Great EQ; able to build-up trust with villa owners, partners and clients
- Well organized, and able to communicate well with management
- Strong work ethic, pragmatic, quick learner & autonomous
- Great command of English & French

Position details

- Full-time, based in Mauritius, travel in the country
- Salary depending on experience and qualification; variable based on targets

This is an excellent opportunity to learn about the high-end hospitality industry. *Only shortlisted candidates will be notified.
